Product information

Saw Chain Oil 100

Description

Mineral high-performance oil formulated from selected base oils for once-through loss lubrication of chains in motor saws and reciprocating saws, etc. Outstanding adhesive properties and optimum lubricating property ensure that all moving parts such as chain links and joints have the optimum lubrication and are protected from wear. The product's favorable viscosity/temperature properties guarantee year-round reliable use at both high and low outside temperatures.

- outstanding lubricating action
- outstandingly adherent
- excellent low temperature behavior
- excellent viscosity/temperature properties
